On July 8, actress **Alicia Witt** hit the red carpet at the 2014 Television Critics Association Summer Press Tour - Hallmark Channel & Hallmark Movie Channel Celebration wearing a flirty fit and flare sky-blue dress.

But it was her luxe accessories that really turned heads. The "Justified" star donned **Liv Ballard Collection** jewelry, including the 18K yellow gold, diamond, pearl and aquamarine COLLANA ROSA DEI VENTI (Compass Rose Necklace) draped from back to front with the Liv Ballard signature 18K yellow gold diamond pave pendant suspended in a diamond armillary CAPVT MVNDI GOLD GLOBE.

Liv Ballard's eponymous collection of fine jewelry is renowned for its historical and mythical references. Handcrafted in Rome by a master goldsmith, the collection combines 18-karat gold and precious stones and includes celestial bodies, stars, suns, ancient architecture and maps.
