

Inspired by: Myths, Legends, Dreams + Flight

- 1 **Right now, I'm inspired by** myths, legends, dreams and flight.
- 2 **My style icons** are Millicent Rogers, Dolores Guinness and Slim Keith.
- 3 **On my playlist** Anything with a great lyric—from Cole Porter to Lorde. Sometimes a great lyric sparks an important reverie.
- 4 **I'd like to spend a day in the life of** Marie-Hélène de Rothschild—on the day of her Surrealist Ball in 1972.
- 5 **My most treasured possession** is any sketch pad full of ideas that I am terrified of losing.
- 6 **My favorite art** is Gustav Klimt—all that gold! And those who followed him exploring the unconscious in human behavior.
- 7 **I collect** interesting people.
- 8 **The best way to make a statement** is unapologetically.
- 9 **My cheap thrill** is singing along loudly in my car. I'm quite sure other motorists think I am insane. I don't care. We drive a lot in Los Angeles.
- 10 **My next adventure** I'd like to immerse myself in Italian for a few months. My conversational skills lag behind my technical jewelry-making vocabulary.
