THE ELEGANCE EXPERT

ETHO MARIA

In June, Etho Maria nabbed a highly coveted Couture Design Award for colored gemstones. It's easy to see why: The Greece-based brand focuses on impeccable craftsmanship to create bold, bright, statement-making pieces of jewelry adored by royals and socialites.

THE WORLD TRAVELER

LIV BALLARD

Mississippi native Liv Ballard was inspired to create her jewelry line after her sons gifted her with a vintage pendant featuring the hand of Fatima, an Islamic charm. Each piece in her collection harkens back to the theme of wanderlust with elements like Roman columns, bejeweled globes and antique coins.

THE MEDITERRANEAN INSPIRATION

MISENO

Designer Antonio Cardamuro takes a cue from his hometown of Miseno, Italy, infusing his collections with Mediterranean elements, like his signature Raggi motif. Many of his romantic, uberfeminine pieces feature embellishments of precious gemstones.
